What is the status of our application with the Building Safety Fund?

The full application has now opened, and we are delighted to say we have provided the Building Safety Fund (BSF) with all the additional information they have requested from us at this time. The interest in the BSF was registered immediately during the registration period, and we have received acknowledgement of our interest in the fund shortly after. Since this was received we have received a further request of information, we can confirm that we have now collated the information required to provide the fund with the detailed surveyor reports they require and have sent this for review by the BSF Case Handlers. We encourage you to read the guidance issued by BSF on what the application process looks like, along with the next steps we will be following ([Click Here](#)).

When will you hear from us again?

We will be back in touch a week or so before the sessions, and we will send our next newsletter – which will detail the information shared during the sessions – shortly after the sessions. If you have any questions before then, please contact the Leeds Dock Team on LeedsDock@liv-group.co.uk.

Thank you,
