Thank you for taking the time to read our latest newsletter.
We hope this finds you safe, well, enjoying the summer and staying as cool as possible!

Project & Funding Update

Our team have submitted all technical eligibility information to the Building Safety Fund. However, to date, we have not received a response. We are working vigorously in the background on getting the building out to tender.

The building is still awaiting its assessment by the Government, and we do not have a timescale at this time for this to be completed.

We are moving forward as best we can, including reviewing the potential costs and engaging with suppliers to understand our best next steps and the realistic timeframes for completion of these. Of course, we still require a response to the applications made, but this way we will be ready to act once we receive a response.

When will you update me next?

Thank you for taking the time to review our latest newsletter. As always, you can find copies of this and all previous newsletters [here](#).

You'll hear from us again in the week of August 23. If we have any big news to share before then, we will do so via bulletin. As always, if you have any questions before then, please contact the team at BuildingSafety@liv-group.co.uk

Thank you,

LIV Group
