

## Wards Brewery

Monthly Newsletter | External Wall Systems  
December 2021

Hello,

We hope this finds you and your family safe and well this Christmas! Thank you for taking the time to read our latest newsletter – please read on to find out the latest updates on the External Wall Systems project at Wards Brewery.

### *Building Safety Fund Application*

The Wards One project has had successful Building Safety Fund applications. Funding for stage 2 of the works has also been approved.

### *Project Update*

The Project Team continue to work toward moving the project forward as the works are undertaken. Works will come to a stop for a short period of time as the construction industry slows down for the holiday season. They will begin again at the start of January, and we will be sure to update you on the progress made.

To minimise the length of disturbance to any one area of the Property, the works will begin on the building that is adjacent to Summerfield Street. Once this has been completed, they will move adjacent to Porter Brook Path, then Twinkl Way, before concluding on Ecclesfield Road.

In relation to Wards Two, we are continuing to work to try and get the report completed to determine our next steps.

Thank you for taking the time to review our latest newsletter. As always, you can find copies of this and all previous newsletters [here](#).

You'll hear from us again next month, and if we have any big news to share before then, we will reach out. As always our team are on-hand to answer any questions at [BuildingSafety@liv-group.co.uk](mailto:BuildingSafety@liv-group.co.uk).

Thank you,

LIV Group
