Monthly Newsletter | External Wall Systems

February 2022

Hello,

We hope this finds you and yours safe and well! Thank you for taking the time to read our latest newsletter – please read on to find out the latest updates on the External Wall Systems project.

## *Building Safety Fund Application*

Following the approval of our funding, we continue to have meetings with the Building Safety Fund to keep them updated on the project and answer any questions that they raise.

## *Project Updates*

The Project Team continue to work towards moving the project forward following the approval of the funding.

We have recently signed a Pre-Construction Services Agreement (PCSA) that will allow us and our preferred contractor to fully evaluate the full works and other associated elements of the project, in readiness for this to commence. This agreement is essential to allowing the project to progress, as the contractor has and continues to dedicate a considerable amount of time and resource into the project.

Thank you for taking the time to review our latest newsletter. As always, you can find copies of this and all previous newsletters [here](#).

You'll hear from us again next month, and if we have any big news to share before then, we will reach out. As always, our team are on-hand to answer any questions at [BuildingSafety@liv-group.co.uk](mailto:BuildingSafety@liv-group.co.uk)

Thank you,

Ryan Tones  
Building Safety Officer
