February 2022

Hello,

I hope this finds you well in the new year!

Please see below the latest update for your development in relation to the Building Safety Fund.

February Update

As you are aware, the balcony works at the scheme have now begun, which means we are moving closer to standing down the Waking Watch and achieving a satisfactory EWS1 report. The project team are due to share a revised timeline with us imminently, and we will share these with you just as soon as we have them.

The on-site team are working with residents to book in slots for all apartments to assist with the refurbishment of the balconies. Following the completion of these works, the Waking Watch will be removed and a satisfactory EWS1 form will be issued.

We will be in touch shortly with these timeframes, although we do expect to complete the project in the first half of 2022.
