

Wards Brewery

Monthly Newsletter | External Wall Systems

February 2022

Hello,

We hope this finds you yours safe and well! Thank you for taking the time to read our latest newsletter – please read on to find out the latest updates on the External Wall Systems project.

Building Safety Fund Application

As we have shared previously, the Wards One project has had successful Building Safety Fund applications. Funding for Stage 2 of the works has also been approved.

Project Update

Works to the project will commence again following the slight delay while the scope of works was reviewed. We are still expecting the works at Wards One to be completed in Q2 of this year, and we will keep you informed should anything change.

We are currently in the process of receiving quotes for an EWS1 survey to be undertaken at Wards Two. Following this, we will look to appoint a contractor to undertake the survey.

Thank you for taking the time to review our latest newsletter. As always, you can find copies of this and all previous newsletters [here](#).

You'll hear from us again next month, and if we have any big news to share before then, we will reach out. As always, our team are on-hand to answer any questions at BuildingSafety@liv-group.co.uk

Thank you,

Ryan Tones
Building Safety Officer
