March 2022

Hello,

We hope this finds you safe and well as we begin to enjoy Spring!

Building Safety Fund Application

We have recently completed Stage Two of our application to the Building Safety Fund. This stage follows the approval of the funding and is titled 'Full works and costs'. We have been working hard to collate and provide all the information required by the BSF, including:

- Scope of work
- Professional Indemnity Insurance
- Statutory approvals
- Procurement
- Contract execution
- Project timetable
- Key project team appointments
- Full works and costs declaration

The Building Safety Fund will now compare the costings that we have provided against their benchmark which will then be reviewed by an independent cost

consultant. During this process, they may have some queries, which we will of course look to address swiftly, so that no delay is incurred.

Project Update

The Project Team have been working hard to collate and provide all the above information to the BSF. As we wait for their response, work will continue on the project plans to ensure that everything is in the best possible position for when we are able to start on site.

Thank you for taking the time to review our latest newsletter. As always, you can find copies of this and all previous newsletters [here](#).

You'll hear from us again next month, and if we have any big news to share before then, we will reach out. As always, our team are on-hand to answer any questions at BuildingSafety@liv-group.co.uk

Thank you,

Ryan Tones

Building Safety Officer
