Monthly Newsletter | External Wall Systems

April 2022

Hello,

We hope this finds you safe and well ahead of the bank holiday weekend! Thank you for taking the time to read our latest newsletter – please read on to find out the latest updates on the External Wall Systems project.

Building Safety Fund Application

Unfortunately, we continue to await a response from the Building Safety Fund on our technical eligibility. We know this is disappointing, and we share in your frustration.

We have not had any further queries since providing them with the report from the survey.

I wish we had more to share at this time, but we continue to hope that a decision will be made in the imminent future, which we will of course share with you at the earliest opportunity.

Project Update

The project team continue to await the outcome of our technical eligibility. Once this has been provided to us, the team will be able to assess the next steps and begin undertaking these.

Thank you for taking the time to review our latest newsletter. As always, you can find copies of this and all previous newsletters [here](#).

You'll hear from us again next month, and if we have any big news to share before then, we will reach out. As always, our team are on-hand to answer any questions at BuildingSafety@liv-group.co.uk

Thank you,

Ryan Tones

Building Safety Officer
