Monthly Newsletter | External Wall Systems

April 2022

Hello,

We hope this finds you well after the bank holiday weekend! Thank you for taking the time to read our latest newsletter – please read on to find out the latest updates on the External Wall Systems project.

Building Safety Fund

As you will recall, all documentation has been fully submitted and we are now in the very final stages of the funding application. We are awaiting the ability to move forward, as the application has been in a benchmarking exercise for several weeks.

We are due to return from benchmarking in the coming weeks, this will follow a period of legal review of the state aid subsidy and the signing of the Grant Funding agreement. We are confident of moving forward with pace over the next few weeks, should the government keep to its timescales.
