Monthly Newsletter | External Wall Systems

June 2022

Hello,

We hope this finds you and yours safe and well. Thank you for taking the time to read our latest newsletter – please read on to find out the latest updates on the External Wall Systems project.

Building Safety Fund Application

The Freeholder is continuing in their discussions with Homes England around the Grant Funding Agreement (GFA).

These discussions are not uncommon and can allow for the signing of any GFA to be swifter, when it is set to take place.

Project Update

The project team will be requesting access to certain areas of balconies in the coming days to survey in detail how these are interconnected to the building.

This is to allow diligent planning on how the remediation works to the building may be undertaken. Should you be contacted to allow access, the whole project team would be grateful if you could accommodate this.

Any questions around the access you may have will be answered should we reach out to you.

Thank you for taking the time to review our latest newsletter. As always, you can find copies of this and all previous newsletters [here](#).

You'll hear from us again next month, and if we have any big news to share before then, we will reach out. As always, our team are on-hand to answer any questions at BuildingSafety@liv-group.co.uk

Thank you,

Ryan Tones
Building Safety Officer
