Monthly Newsletter | External Wall Systems

July 2022

Hello,

We hope this finds you and yours safe, well, and enjoying the summer holiday! Thank you for taking the time to read our latest newsletter – please read on to find out the latest updates on the External Wall Systems project.

## *Building Safety Fund Application*

We have been working closely with the Building Safety Fund to address their reasons for continuing to reject the Granite Tile system and Timber Decked areas.

This work is still ongoing, and we've been gathering further evidence for the Building Safety Fund's consideration. It is likely that this process will take some time, as we want to ensure that we have been able to address every possible reason they may have for rejecting these systems. This way, we will have the best chance of overturning these rejections and securing the required funding for these elements.

## *Project Update*

The project team continue to meet weekly, ensuring that we are looking at and

working on all areas in regard to providing a comprehensive reason as to why the Granite Tiles and Timber Decked areas should be funded by the Building Safety Fund. We are committed to doing everything we can to get funding from the BSF.

Thank you for taking the time to review our latest newsletter. As always, you can find copies of this and all previous newsletters [here](#).

You'll hear from us again next month, but if we have any big news to share before then, we will reach out. As always, our team are on-hand to answer any questions at [BuildingSafety@liv-group.co.uk](mailto:BuildingSafety@liv-group.co.uk)

Thank you,

Ryan Tones

Building Safety Officer
