Monthly Newsletter | External Wall Systems

August 2022

Hello,

We hope this finds you and yours safe and well. Thank you for taking the time to read our latest newsletter – please read on to find out the latest updates on the External Wall Systems project.

## *Building Safety Fund Application*

The Building Safety Fund has requested further information around the development. This includes confirmation of the buildings height to ensure it is meets the eligibility criteria. We are in the process of arranging for a laser measurement to be taken of the buildings. This is due to take place in the coming weeks and will satisfy the requirements set out by the fund.

Further to this, they have also raised some questions on the reports we have provided. We are currently addressing these and responding.

## *Project Update*

The project team continue to await the outcome of our technical eligibility. Once

this has been provided to us, the team will be able to assess the next steps and begin undertaking these.

Thank you for taking the time to review our latest newsletter. As always, you can find copies of this and all previous newsletters [here](#).

You'll hear from us again next month, and if we have any big news to share before then, we will reach out. As always, our team are on-hand to answer any questions at [BuildingSafety@liv-group.co.uk](mailto:BuildingSafety@liv-group.co.uk)

Thank you,

Ryan Tones

Building Safety Officer
