Monthly Newsletter | External Wall Systems

July 2022

Hello,

We hope this finds you and yours safe, well, and enjoying the summer holiday! Thank you for taking the time to read our latest newsletter – please read on to find out the latest updates on the External Wall Systems project.

## *Building Safety Fund Application*

When we first started sending you monthly newsletters, we let you know that we'd reach out to you every month whether we have any news to share or not. Unfortunately, this is one of those months in which we don't have much to share, as we are still awaiting a response from the Building Safety Fund on our technical eligibility.

I wish we had more to share at this time, but we continue to hope that a decision will be made in the imminent future, which we will of course share with you just as soon as we hear anything.

## *Project Update*

The project team continue to await the outcome of our technical eligibility. Once this has been provided to us, the team will be able to assess the next steps and begin the works just as soon as we can.

Thank you for taking the time to review our latest newsletter. As always, you can find copies of this and all previous newsletters [here](#).

You'll hear from us again next month – whether we have news to share or not. If we have any big news to share before then, we will reach out. As always, our team are on-hand to answer any questions at [BuildingSafety@liv-group.co.uk](mailto:BuildingSafety@liv-group.co.uk)

Thank you,

Ryan Tones

Building Safety Officer
