Monthly Newsletter | External Wall Systems

August 2022

Hello,

We hope this finds you and yours safe and well. Thank you for taking the time to read our latest newsletter – please read on to find out the latest updates on the External Wall Systems project.

Building Safety Fund Application

Unfortunately, we don't have much to share this month. The Freeholder is continuing its discussions with Homes England around the Grant Funding Agreement (GFA).

Although it's taking some time, these discussions are not uncommon and can allow for the signing of any GFA to be swifter once it has been agreed.

Project Update

The project team will be undertaking a survey of the balconies in the coming weeks to survey, in detail, how these are interconnected to the building. This is to allow diligent planning on how the remediation works to the building may be undertaken.

Thank you to all those who are allowing access.

Thank you for taking the time to review our latest newsletter. As always, you can find copies of this and all previous newsletters [here](#).

You'll hear from us again next month, and if we have any big news to share before then, we will reach out. As always, our team are on-hand to answer any questions at BuildingSafety@liv-group.co.uk

Thank you,

Ryan Tones

Building Safety Officer
