Monthly Newsletter | External Wall Systems

October 2022

Hello,

We hope this finds you and yours safe and well this Autumn! Thank you for taking the time to read our latest newsletter – please read on to find out the latest updates on the External Wall Systems project.

Building Safety Fund Application

Following our last update, we are still in the process of trying to access certain balconies so that we can gather the evidence that is required to satisfy The Building Safety Fund.

The project team have already attended site to gather evidence on the Timber Walkways. Once the survey to the balconies is complete, we can submit everything to be reviewed and hopefully overturn the Fund's rejection of these areas.

Should you be contacted to allow access, we would be extremely grateful if you would be able to provide it.

Project Update

The project team continue to meet weekly, ensuring that all areas are being looked

at and worked on in regards to providing a comprehensive reason as to why the Granit Tiles and Decked areas should be funded by the Building Safety Fund.

Thank you for taking the time to review our latest newsletter. As always, you can find copies of this and all previous newsletters [here](#).

You'll hear from us again next month, and if we have any big news to share before then, we will reach out. As always, our team are on-hand to answer any questions at BuildingSafety@liv-group.co.uk

Thank you,

Ryan Tones

Building Safety Officer
