Monthly Newsletter | External Wall Systems September 2022

Hello,

We hope this finds you and yours safe and well. Thank you for taking the time to read our latest newsletter – please read on to find out the latest updates on the External Wall Systems project.

Building Safety Fund Application

Unfortunately, we don't have much to share this month. The Freeholder is continuing in their discussions with Homes England around the Grant Funding Agreement (GFA).

These discussions are not uncommon and can allow for the signing of any GFA to be swifter, when it is set to take place.

Project Update

Following the survey to the balconies, the project team are now in the process of consolidating their findings to provide a report to the Building Safety Fund. This will hopefully establish that the balconies form part of the remediation project and are therefore eligible for funding.

We hope to hear back from the Building Safety Fund within the coming weeks with an outcome. Once we receive a response, we will of course inform all Leaseholders of the decision.

Thank you for taking the time to review our latest newsletter. As always, you can find copies of this and all previous newsletters [here](#).

You'll hear from us again next month, and if we have any big news to share before then, we will reach out. As always, our team are on-hand to answer any questions at BuildingSafety@liv-group.co.uk

Thank you,

Ryan Tones

Building Safety Officer
