Monthly Newsletter | External Wall Systems October 2022

Hello,

We hope this finds you and yours safe and well this Autumn! Thank you for taking the time to read our latest newsletter – please read on to find out the latest updates on the External Wall Systems project.

Building Safety Fund Application

We don't have much to share this month after our last update. The Freeholder is continuing their discussions with Homes England around the Grant Funding Agreement (GFA).

These discussions are not uncommon and can allow for the signing of any GFA to be swifter, when it is set to take place.

We continue to discuss with the Building Safety Fund on a fortnightly basis to ensure that we are doing all that is necessary as part of the application.

Project Update

The findings of the balcony survey have been submitted to the Fund for review and we are awaiting an outcome.

This will hopefully establish that the balconies form part of the remediation project and are therefore eligible for funding.

We hope to hear back from the Building Safety Fund soon with an outcome. Once we receive a response, we will of course inform all Leaseholders of the decision.

Thank you for taking the time to review our latest newsletter. As always, you can find copies of this and all previous newsletters [here](#).

You'll hear from us again next month, and if we have any big news to share before then, we will reach out. As always, our team are on-hand to answer any questions at BuildingSafety@liv-group.co.uk

Thank you,

Ryan Tones
Building Safety Officer
