Monthly Newsletter | External Wall Systems

November 2022

Hello,

Thank you for taking the time to read our latest newsletter – please read on to find out the latest updates on the External Wall Systems project.

Building Safety Fund Application

We are still awaiting a decision from the Building Safety Fund in relation to the balconies and walkways. We have submitted all the information we have been able to collate following visits to site and hope that they will agree these elements should be covered by the fund.

Should they come back requesting further information or evidence, the project team are ready to go to site at the earliest opportunity to avoid any further delay on the matter.

Project Update

The project team continue to meet weekly, along with fortnightly calls involving our case worker from the Building Safety Fund. We are all awaiting the outcome of the balconies and walkways, so that we can take the next necessary steps.

Thank you for taking the time to review our latest newsletter. As always, you can find copies of this and all previous newsletters [here](#).

You'll hear from us again next month, and if we have any big news to share before then, we will reach out. As always, our team are on-hand to answer any questions at BuildingSafety@liv-group.co.uk

Thank you,

Ryan Tones
Building Safety Officer
