Monthly Newsletter | External Wall Systems

November 2022

Hello,

Thank you for taking the time to read our latest newsletter – please read on to find out the latest updates on the External Wall Systems project.

Building Safety Fund Application

Unfortunately, we don't have much to share this month.

We are waiting to hear from the Building Safety Fund following our submission of the surveys that have been undertaken and confirmation of the building height. We believe that all the information provided to them should satisfy the queries that they have raised and we will share more once we have heard back from them.

Project Update

The project team continue to await the outcome of our technical eligibility. Once this has been provided to us, we will be able to assess the next steps and begin actioning them.

Thank you for taking the time to review our latest newsletter. As always, you can find copies of this and all previous newsletters [here](#).

You'll hear from us again next month, and if we have any big news to share before then, we will reach out. As always, our team are on-hand to answer any questions at BuildingSafety@liv-group.co.uk

Thank you,

Ryan Tones
Building Safety Officer
