Monthly Newsletter | External Wall Systems

December 2022

Hello,

We hope this finds you and yours safe and well this holiday season! Thank you for taking the time to read our latest newsletter – please read on to find out the latest updates on the External Wall Systems project.

Building Safety Fund Application

Unfortunately, we don't have much to share this month, but we wanted to touch base anyway.

We are still chasing the Building Safety Fund for an update, following our submission of the surveys and confirmation of the building height. We believe that all the information provided to them should satisfy the queries that they have, and we continue to await an answer from them on this.

Project Update

The project team also continue to await the outcome of our technical eligibility. Once this has been provided to us, the team will be able to assess the next steps and begin undertaking these. We will keep you updated as soon as we hear.

Thank you for taking the time to review our latest newsletter. As always, you can find copies of this and all previous newsletters [here](#).

You'll hear from us again next month, and if we have any big news to share before then, we will reach out. As always, our team are on-hand to answer any questions at BuildingSafety@liv-group.co.uk

Thank you and wishing you and your family a Merry Christmas and Happy new Year,

Ryan Tones
Building Safety Officer
